PROFESSIONAL EXPERIENCE

SAINT GOBAIN — La Défense, France
Assistant International Market Manager : Concrete Works — Aug 2024 - Aug 2026

- Analyzed **market trends** across 25+ countries to define **go-to-market** and **product strategies** for emerging and high-priority sectors; built supporting **dashboards** to translate findings into actionable, data-driven recommendations.
- Built a **product matrix** classifying 400+ products across 50 categories, and 4 brands by **benchmarking** against competitor offerings, systematically surfacing portfolio gaps to sharpen go-to-market strategy.
- Facilitated the development of the **country ID cards** consolidating market overviews, growing segments, portfolio gaps, and strategic actions into a standardized tool to guide country-level commercial and product strategy, actively implemented by 5 countries.
- Developed **monthly performance dashboards** using data visualizations to track **sales, margins,** and **product performance by country**; partnered with 10+ countries to define **data-driven strategic actions**.
- **Negotiated** scope, deliverables and pricing with 3 external research agencies, securing market reports tailored to priority markets.
- **Sourced** and **briefed** external agencies with the brands and communications team to build internal decks, comparing offers and agreeing costs.
- Spearheaded the **transfer** and **reclassification** of **100+ product data** to our new platform, partnering with the PIM team to align product structures with the new hierarchy, enabling accurate reporting and streamlined access for stakeholders.
- Drove **market research** and **knowledge transfer** on **cathodic protection** and **structural strengthening**, delivering trainings to **20+ stakeholders across 5 countries**, aligning cross-regional teams on emerging technologies, competitive landscape, and differentiation strategies.
- Collaborated with the **Sustainability** team to perform a **competitive benchmark** in construction chemicals, delivering insights that informed **product innovation priorities** and **marketing strategy enhancements**.

STELLANTIS — Poissy, France
Consumer & Market Insights Assistant — Jan 2024 - Jul 2024

- Led the development of a **Brand Health Dashboard**, collaborating with cross-functional teams to define **20 strategic KPIs** across financial, market, and customer dimensions for **six countries**, across the portfolio of 14 brands, improving global strategy alignment and **expanding revenue pool coverage by 7%**.
- Collaborated in shaping a **bundled pricing offer** for the Citroën e-C3 (vehicle + insurance + charging) by partnering with the CRM and Product teams to target customers based on insurance renewal timing and charging preferences.
- Sharpened **brand positioning** across 3 brands by analyzing customer needs leading to tailored communication and promotional materials.
- Orchestrated **cross-functional CNZ initiatives**, presented annually to **EVPs**, translating complex product features into clear customer value propositions; contributed to concept prioritization supporting the company's ambition to **reduce carbon footprint by 50% by 2030**.

BOUYGUES CONSTRUCTION — Cergy, France
External Consultant : Circular Economy Chair — Jan 2025 - Jun 2025

- Led **stakeholder research** involving **20+ in-depth interviews** and **100+ survey responses** to identify adoption barriers and assess the desirability of **low-tech construction solutions**.
- Evaluated the **viability of low-tech solutions** through **stakeholder mapping, desirability analysis,** and **performance benchmarking**, generating actionable insights for implementation.
- Developed **engagement strategies** and **an implementation roadmap** to integrate low-tech solutions into construction projects, delivering **tailored recommendations for distinct stakeholder groups**.
- Presented and defended the project before **industry experts**, achieving a **top-4 ranking out of 10 projects**.

COMTESSE DU BARRY — Cergy, France
External Consultant : Academic Project — Jan 2026 - Apr 2026

- Developed a **brand repositioning** and **go-to-market strategy** to boost its 33% Christmas-only revenue concentration, designing a year-round product line (€19.90–€35.90 price tiers) and B2B partnership model targeting a 5.9M-person addressable segment.

LEADERSHIP ROLES

180 DEGREES CONSULTING ESSEC — Cergy, France
Operations & Recruitment Director — Aug 2023 – Aug 2024

- Directed **end-to-end operations** across **marketing, consulting,** and **recruitment** verticals, ensuring timely delivery of **2 project lifecycle milestones**. Collaborated with **board members** and **clients** to co-develop the branch's **strategic plan**, while providing structured feedback and guidance to project teams to **enhance client impact** and **internal efficiency**.
